

5605 Hiatus Road Tamarac, FL 33321 | Tel: 954-720-4100 fax: 954-724-4288

To whom it may concern:

Since its inception Sonny's has never had a city request a noise study on a conveyor because the dB level is so low. I would assume it to be in the 45 to 50 dB range maximum. The accompanying power pack that drives the hydraulic motor is located in the mechanical room of the car wash and runs between 53 to 60 dB. Please contact me with any further questions.

Sincerely,

Robert Andre

About SONNY'S The Car Wash Factory

With full tunnel systems in each of the 50 United States, and equipment in countries worldwide, SONNY'S equipment delivers millions of clean, dry, shiny cars each year, around the globe. The company founder, Sonny Fazio, built his first full-serve car wash in 1949. Today, SONNY'S is a recognized industry leader, awarded as such by the International Car Wash Association. Further building upon the company's commitment to make car washing easy for its clients, SONNY'S is the parent to four distinct operations to support conveyorized car wash operators; AutoPilot CarWash Control Systems, CarWash College, SONNY'S Car Wash Parts Division, and of course SONNY'S The Car Wash Factory, the largest manufacturer of conveyorized car wash equipment, parts, and supplies in the world.
